2. Form, Style and Placement in Administrative Code

The parenthetical material after subsection titles should be reviewed to ensure that it reflects the current rule. For example, the parenthetical material in SECTION 5 is “(for species or waters not listed see sub. (73))”; whereas the current rule states “(for species or waters not listed, including Lake Superior, see sub. (73)).” If changes are intended, they should be shown with strikes and underscores.
